

## **Custom commemoration Lights on War Graves 2020**

**Following the latest guidelines of the RIVM concerning the Covid-19 crisis, it was decided to have as limited a commemoration as possible. Since this year this commemoration is part of our foundation. Our board member and initiator Jermain and his daughter Loren will light candles at the memorial cross at the cemetery on Christmas Eve this year. They do this on behalf of our foundation, all adopters and the council and residents of Nederweert.**

There will be no public present at the ceremony. The news site Nederweert24 makes a video and will posts a compilation on [www.nederweert24.nl](http://www.nederweert24.nl) .

We hereby ask everyone not to come to the cemetery to make it as safe as possible for everyone. Hopefully we can be present again next year with all adopters to light all candles together. Of the 363 graves 310 have been adopted. Do you also want to adopt a grave? Go to [www.adoptiegravennederweert.nl](http://www.adoptiegravennederweert.nl) and sign up. For questions you can mail us at [adoptiegravennederweert@gmail.com](mailto:adoptiegravennederweert@gmail.com) .

Thank you in advance for your cooperation
